

Dear colleagues,

thanks for forwarding this sad news to me.

I have very good memories of Prof. Wu Wen-Tsun.

In 1992 I organized a workshop at RISC, and Prof. Wu was one of the invited speakers. In 1993 I visited him at the Chinese Academy of Sciences, and gave a talk in his research group.

I will remember Prof. Wu Wen-Tsun as a shining examples of a mathematician.
